Dwelling House Burned.
The large residence of Mr. Jas. A. Radford, on the Clarksville pike, 6 miles from town, was burned Tuesday night about mid-night. A neighbor who was passing discovered the roof on fire and upon going to the house to give the alarm found nobody at home. He then aroused the servants in the cabin, but nearly everything in the house was burned. Mr. Radford, who kept "bachelor's hall," was in town and was sent for in hot haste, but the house was entirely destroyed when he got home.

His sisters were preparing to move out to his house the next day to live with him and he was in town helping them to make their arrangements. He has no idea how the fire originated. As it was discovered in the roof it probably caught from a grate or fire. The house was the Radford home, inherited by Mr. Radford from his father, the late W. T. Radford. It was a large old fashioned country mansion, a frame building two stories high. It was insured for \$1500 and \$800 on the contents. Many boxes and trunks of wearing apparel and other valuable property belonging to Misses Mary and Willie Radford, stored in the house when they moved to the city with their mother, late Mrs. Radford, were destroyed, together with all of the furniture and other effects not moved. The loss is considerably in excess of the insurance, as the companies will only issue three quarter policies. Mr. Radford will rebuild at once, as he is left without a residence until he can put one up.

Complimentary Resolutions.
The Board of Asylum Commissioners, at their meeting Tuesday, adopted the following resolutions as a testimonial of its high appreciation of Mr. C. C. Buckner, the retiring steward, as an official and gentleman:

"Resolved, That it is with sincere regret that we part with Mr. J. C. Buckner, who has been Steward of this Asylum for the past seven years. This Board takes pleasure in testifying to his high character as a gentleman, and his splendid ability as Steward of this institution. He has been true to every duty; capable and energetic, and making one of the best officers this Asylum has ever had. Our good wishes go with him as he enters the new field of his life. It is further resolved that a copy of these resolutions be given to the city papers for publication, and also be spread upon the records of this Board of Commissioners."

The Regular Monthly Meeting.
The regular monthly meeting of the Board of Commissioners of the asylum, was held Tuesday. Seven members were present, Messrs. J. W. Downer and M. D. Meacham being the absentees. The new Steward, Mr. A. H. Anderson, presented his commission and was sworn into office by a notary public, Mr. Ed. A. Arnold, who was present.

Dr. Letcher's first monthly report was quite lengthy and dealt with many matters in detail. It was ordered to record.

The name of Mr. J. L. Letcher was placed upon the pay roll at \$30 a month as stenographer for the Superintendent. He is a son of Dr. Letcher. Few changes have yet been made in the attendants or other employees.

After the usual routine business, and auditing the accounts, the Board perused of the usual "State diary" with the Superintendent's family.

Lady's Serious Injury.
Mrs. Green Thompson, of the Casky neighborhood, met with a serious and perhaps fatal accident late Monday evening. While standing on the back porch she lost her balance and fell to the ground, a distance of ten feet. When found she was in an unconscious condition and at last accounts had not fully revived. Physicians are apprehensive that she received internal injuries.

Cash for School Teachers.
One-half of the January money for County school teachers has been received by Miss Katie McDaniel, County Superintendent, and is now ready for payment. Miss McDaniel desires also to state that she can always be found at her office on Saturdays and Mondays.

Moody Cannot Come.
A letter just received from D. L. Moody says he is down with the grippe and has been ordered home by his physician and cannot be here on the 25th to hold a meeting.

Dr. Berry will resist removal from the Superintendentcy of the Feeble-Minded Institute. The nomination of Dr. J. P. Huff, as his successor, was confirmed without opposition.

A Young Man Crushed By a Train at Kato.

George Meacham, a young man from Paducah, who was on a visit to his father John F. Meacham at Kelly, was struck by a Louisville & Nashville freight train late Wednesday afternoon and fatally injured. Both legs and one arm were broken and he was otherwise injured. He died in about an hour.

Mr. Meacham was walking across the track while the train was switching for the passenger train and, when the passenger came in he was bewildered and stepped in front of the freight and was knocked across the rails.

He was about 25 or 30 years old and unmarried. He formerly lived in this city, but had been in business in Paducah for three or four years. It is said he was to have been married in a short while to a young lady in this county.

THE COUNCIL MEETING.

Several Ordinances Rejected and One Little One Passed.
The Council met Tuesday night and was called to order at 8 o'clock. A large crowd was on hand expecting to hear a discussion of several important matters up for consideration, but nothing of importance was done.

City Attorney Allenworth presented a bill for \$26 for expenses to Frankfort to attend a meeting of city attorneys of fourth class cities. The Board declined to allow the claim, as the attorney's trip was not authorized by the Council.

Ned Turner presented a petition from the colored people asking that their frame school house recently burned be replaced with a brick building. He also asked that the Board of Education provide for the charter of fourth class cities be formally accepted and both white and colored schools be put on an equal footing and under one management. This matter and the reorganization of the fire department were made special orders for a called meeting last night.

M. W. Adams, of the Sun Life Insurance Co., sent in an ordinance exempting his company from the license of \$50 recently imposed, but it was not acted on.

Councilman Pool presented an ordinance providing for a tax of \$1 per acre on all Western points sold in the city at auction. After some discussion pro and con, a vote was taken and the ordinance defeated. Anderson and Pool voted aye, the others no.

Councilman Dalton also had on ordinance aimed at Young America. He wanted to break up the playing of marbles in the streets, and proposed a fine of from \$1 to \$10 for each offense on all boys caught playing ball, marbles or "crabs" in the streets. All hands agreed that the habit ought to be broken up, but none of the members who were the fathers of boys went on record for the ordinance. It got only two votes—Dalton and Holland.

Councilman Holland presented an ordinance providing for paying the north side of 8th street from Main to Virginia and for metaling the same street from Main to Liberty. It passed unanimously. The matter of grading being referred to the street committee with power to act.

Councilman Perry made an earnest demand for another electric light on Campbell street, which was agreed to by a vote of 4 to 3.

City Clerk L. H. Davis filed his bond with C. M. Latham and H. M. Dalton as sureties.

On motion of Councilman Ware, J. T. Greer was released from a fine of \$5, the cost having been paid.

Mr. Anderson's expected resignation was not handed in. He is preparing to move out of town sometime this month and will probably wait until he moves his residence before resigning.

The council adjourned about 10 o'clock, without having transacted any business of importance or general interest.

Chairman Long Seriously Ill.
LOUISVILLE, Ky., March 3.—Mr. Charles R. Long is reported considerably worse this afternoon and his condition is regarded as serious. He has been ill for about two weeks, his illness starting with a cold. Trip followed, and then an abscess of the ear developed. It is now feared that the inflammation may extend to the brain. Mr. Long president of the Louisville Water company and chairman of the Democratic state central committee.

Abi There Beauty.
New York, March 3.—Ex-President Harrison said to the reporter to-day that his marriage with Mrs. Dimmick will take place on April 6 in St. Thomas church, in this city. The rector of that church, the Rev. Dr. John Wesley Brown, will officiate.

NO MATERIAL CHANGE IN THE SENATORIAL RACE.

Tompkins Holds His Seat.—The Republican split in Caucus—But Little Legislation Being Done.

NO REPUBLICAN NOMINATED.
Frankfort, Ky., March 4.—There were equally three in the Republican caucus tonight. A personal conflict between Speaker Charles Blanford and Senator E. M. Nell would have resulted but for Mr. Blanford's coolness. "I don't propose to be bulldozed," shouted Dr. Nell. "And I neither propose to bully or be bullied," retorted Mr. Blanford, whereupon the big and usually good-natured, genial Senator from Adair lost control of his temper and stepped in the aisle, on the opposite side of which Mr. Blanford was standing. Several members rushed between the two men and laid hands on their shoulders. After the excitement had subsided Dr. Nell apologized for his hasty action, and the caucus proceeded on its weary way. Nobility was nominated, though nine ballots were taken. The last one stood as follows:

Deboe.....82
Holt.....29
Total.....111

By a rule adopted last night thirty-five are necessary to a choice.

"Eighteen sound-money Democrats to-morrow will present to Senator Blackburn a request that he withdraw from the Senatorial contest and help to elect a sound-money Democrat. The request if not heeded will result in the eighteen sound-money men voting for some one other than Senator Blackburn. They are:

W. W. Stephenson, N. N. Rice, Joe Noe, R. H. Elliott, W. A. Baird, W. H. Daugherty, John P. Salyer, R. V. Norman, J. T. Stout, R. H. Holloway, M. C. Swinford, Park C. Smith, and four others."

The above appeared in yesterday's Courier-Journal. This has been the hope of that paper for some time, but it will amount to nothing. It will be Blackburn or nobody, as 40 Democrats, or a majority of all, will never leave the nominee. The following significant item also appears in the Courier-Journal:

"It was quietly reported among those who consider themselves as belonging to the inner circle that Senator Blackburn has good reason to hope that he will be elected within the next few days by means of a few Republican votes. They are expected to come from among the seven members who remained out of the Republican caucus. Six of the seven are Adams, Stigitz, Carson, Dodson, Freeman and Neff. This is stated as a fact, but as one of the many rumors about."

Frankfort, Ky., March 3.—By dilatory motions the Democrats to-day prevented the joint Assembly from dissolving until the hour arrived for adjournment of the House, thus preventing further discussion of the Dunlap-Kaufman contest to-day.

The session was monotonous until the filibustering began. The chair suddenly swung round to the right. The attendance of both speakers and members was good to-day. All the Senators were present. Twelve Republicans were paired, though several were present.

On the thirty-ninth ballot Senator Blackburn received fifty-nine votes and Judge Holt twenty. The others scattered.

IN THE SENATE.
The Thorne Private Brand Bill, which was introduced in the Senate by Mr. Goebel, was reported favorably and made a special order for Friday at 1 o'clock.

The Senate confirmed the nomination of Dr. J. P. Huff to be Superintendent of the Feeble-Minded Institute. W. L. Harrel to be Steward of Lakeland Asylum, and J. B. Kennedy to be trustee of the A. and M. College.

The Committee on Corporations reported the Graziana Anti-poolroom Bill with the expression of opinion that it ought not to pass, but the committee ordered a substitute and amendments, and all were ordered printed and made a special order for Friday morning at 11 o'clock.

A message was received from the Governor res appointing the present State Board of Equalization. They are all Democrats, and were appointed by Gov. Brown.

Lexington, Ky., has an old people's club, of which the youngest member is eighty-nine years old. There are three members ninety years old, one ninety-one, two ninety-two, and two ninety-four. The club meets at the house of one of the members each week for pleasure and mutual improvement.

Expert burglars are operating quite successfully in Lexington.

Common Law Cases of Small Importance Disposed of.

The second week of court opened with common law cases on the docket. Most of them were old continued cases of minor interest.

Several cases have been continued on account of the absence of Judge Landies and the illness of Judge Branstetter and Col. A. H. Clark, attorneys interested.

The case of O'Brien Bros. vs. Dulin J. Weaver was tried by a jury and verdict given to plaintiff. Reasons for new trial were filed.

The case of C. F. Miles vs. Geo. Lewis was tried by jury and verdict given for Miles. The suit is for the possession of one-quarter of an acre of land near Kelly, worth about \$2 or \$3, and this is the second trial, the former trial resulting the same way. A motion for a new trial was overruled by Judge Phelps and an appeal will likely be taken.

The attachment suit of Carter Dry Goods Co. vs. J. C. Allen & Co., was decided yesterday after occupying two or three days, in favor of the plaintiffs.

The balance of this week and next week will be devoted to the same character of cases.

Tompkins Holds His Seat.
Frankfort, Ky., March 3.—The House met at 10 o'clock. Tompkins by a vote of 45 to 45. Ashcraft, Culliam and Poor voted with the Democrats.

The first vote on the minority report. The vote on the majority report resulted 45 to 45, a tie, just as the first. This was the vote to seat Werner.

The speaker announced from the chair that he would not announce the result until he had consulted the Judge of the Court of Appeals on the matter.

Speaker Blanford announced his decision at the noon session, as soon as the House met. He decided that Tompkins was entitled to his seat, and declared that the case was out of the House.

Frankfort, March 3.—The republican caucus tonight was another scene of confusion. After wrangling for some time, a ballot was taken with Holt in the lead. But the republican row is exciting Blackburn's chances day by day. His friends confidently claim now with some show of reason that he will win the next day or day is almost assured.

A Domesticated Quail.
Last summer a young partridge took up with a flock of young turkeys at Mr. Jas. A. Major's, near town, and has become thoroughly domesticated. It remained with the turkeys until it reached maturity and still runs with them, eats with them and roosts with them. It comes to the house and is fed with the fowls without showing any sign of fear. Mr. Major vouches for this story and its truth may be relied upon. It is straight goods.

An Important Arrest.
Chief Fritz arrested George Watkins, col., in the city Monday evening and placed him behind the bars. Watkins is wanted at Russellville on a charge of striking and fracturing the arm of a negro woman, some weeks ago. Marshall J. W. Clevering, of Russellville, was notified of the arrest Tuesday and he came down at once and returned with the prisoner Wednesday. It is thought that the injured woman will die.

Judge M. C. Givens May Run.
Henderson, March 2.—Judge M. C. Givens, when asked if he would be a candidate at the regular election to choose Judge Grace's successor on the appellate bench, stated that if the election is held this year, he will not run. If to be held in 1897, he will probably run. He said he had not examined the law on that subject. He is being urged to make the race.

The Harriet Faust Co.
Theater goers will have an opportunity of witnessing the production of Faust by the above company at Holland's Opera House this evening. The play is a pretty one, and the company is one of the best on the road. They have been highly commended by the press wherever they have appeared with the exception they will not doubt greet them here.

Wheat Elevator Burned.
Minneapolis, March 2.—Elevator A, No. 9, owned by the Minneapolis Terminal Elevator company, is burning and will be totally consumed. There was a million bushels of wheat in the building, which is worth about \$600,000. The building cost a quarter of a million dollars.

The City Council of Harrisburg has raised the liquor license from \$50 to \$100. The ordinance becomes effective December 1. It will close five of the eight saloons.

"Saved My Life"

A VETERAN'S STORY.

"Several years ago, while in Fort Snelling, Minn., I caught a severe cold, attended with a terrible cough, that allowed me no rest day or night. The doctors after exhausting their remedies, pronounced my case hopeless, saying they could do no more for me. At this time a bottle of

AYER'S Cherry Pectoral was sent me by a friend who urged me to take it, which I did, and soon after I was greatly relieved, and in a short time was completely cured. I have never had much of a cough since that time, and I firmly believe Ayer's Cherry Pectoral saved my life."—W. H. Faxon, 8 Quincy Ave., Lowell, Mass.

HOW A SHIP IS STOPPED.

Not as Easy a Matter as It Appears to a Landman.

The motion of a steamship on the Atlantic when the sea is calm is so smooth and steady that the passenger hardly realizes the tremendous momentum of the vessel under her feet. After the engines have been slowed down there is a startling revelation of the energy of motion. The energy can also be accurately calculated with the aid of mathematical formulas, and the time and distance within which the motion can be totally arrested and the ship brought to a stand may be ascertained in a similar manner. This calculation has recently been made for several well-known ships.

To stop the Etruria, whose "displacement" is 9,680 tons, horse power 14,321, and speed 20.18 knots an hour, two minutes and forty seconds are required, and during the progress of stopping the ship will forge ahead 2,364 feet, which is only 176 less than half a mile. The United States cruiser Columbia, with a displacement of 7,350 tons, 12,301 horse power and a speed of 23.8 knots, can be stopped in two minutes and fifteen seconds, and within a space of 2,147 feet. The little flyer Cushing, whose displacement is only 1,011 tons and horse power 1,754, while its speed is 22.48 knots, can be stopped within a distance of 301 feet in 18.4 seconds. In each case the vessel is supposed to be going at full speed, and the stoppage is produced by reversing the action of the propelling machinery.—Youth's Companion.

A Fine Bargain.

Sometime ago an auction was held in a poor part of Dublin, of the personal effects of an old French woman, rumored to have been an exile from her native land, who had died at the Irish capital. Among the faded silks and a few bits of old lace a necklace of dirty looking green stones was discovered, and was bought as a chance by a couple of shrewd Jew peddlers for five pound. On taking the stones to a well-known jeweler, he promptly offered £1,500, which sum the owners at once indignantly refused, and sold the necklace (of pure emeralds) for £7,000 in London. Afterward Lord Rosebery, on his marriage, purchased it for something like £20,000. The old Frenchwoman's mother had been attached to the court of France, and the emeralds had once formed part of the crown jewels.

The Famous Pig Case.

The trial of the Michigan town pig case is over. Some months ago the town marshal impounded a pig belonging to John Hillis, the animal being arrested as a vagrant and thrust into the city jail. The charge of lotterizing. The authorities wanted one dollar and fifty cents for the pig's release, but Hillis would not pay it, saying that it was more than the pig was worth. The justice court of the town awarded Hillis and made \$40 and costs. In the trial in the circuit court the jury decided against the town, awarding Hillis the hog (it's a full-grown hog now) and one dollar and one cent damages. This with costs exceeding \$100. Michigan must pay for false imprisonment of the pig.

All Right Now.

It is a genuine pleasure to announce that the Alaskan gold fields are within the limits of the United States. It is better for the United States and better for the gold fields. In no other country can gold fields be worked with greater success and more dispatch. In putting gold fields in the United States the Creator undoubtedly placed them where they would do the most good. When Russia was their owner she did little or nothing with the Alaskan gold fields; British ownership would have been a calamity. We now have the right owner in the right place.—Kansas City Star.

Electricity in Agriculture.

Electricity is likely to be an important factor in the agriculture of the future, according to the Italian Prof. A. Alois, who has collected evidence showing that both terrestrial and atmospheric electricity are favorable to the germination of seeds and the growth of plants. M. Bonnier has found in the course of his experiments with continuous electric light on plants, that Alpin plants, cultivated under constant light, present points of structure identical with those of arctic plants, which grow under the midnight sun.

The Right Word.

Why eatup? Nearly every bottle which comes from a public manufacturer is emblazoned with that spelling. Wrong. Ketchup is the word. It is a corruption of the Japanese word ketchup, which is a condiment somewhat similar to soy. It is a pick-me-up; a stirrer of the digestive organs; a ketch-me-up; and hence its application to the mingling of tomatoes and spices whose name it should bear.—Philadelphia Times.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Dec. 28.—It having been some time since you heard from our pen, we will endeavor to give you a few items.

Protracted meeting closed at the M. E. church at this place yesterday. Mr. Monte Reid, one of our popular young farmers, was married to Miss Annie Humphries, one of Trigg county's most intelligent young ladies, at the bride's home on the evening of the 17th ult.

There will be another marriage soon. We will withhold the names for the present.

Miss Lucy Nance has returned home from Auburn, where she has been visiting her sisters, Misses Mary and Lizzie, who have been quite sick with the measles. It seems that Miss Lucy has become a proficient nurse.

Bracie Campbell, who has been very low with rheumatism, is able to be up again, and is quite an extended visit in our neighborhood a few weeks since.

Rob Shelton says it isn't half so far to Hopkinsville this week as it was last. We presume that a certain curly haired maiden has shortened the distance.

Reuben Dickerson used to pass through our town every Sunday, but we haven't seen him for several months. Has he stopped worshipping a brown-eyed girl?

Miss Georgia Gregory, one of Church Hill's most popular young ladies, returned home last week after a very pleasant visit to friends in this vicinity.

One of Gracey's most popular young men visited us a few weeks since. Ever since, his return home a certain For Dees girl has been singing "I am watching and waiting for Lander."

Mrs. Walter Binns and sister paid a flying trip to Hopkinsville this week.

Mr. J. B. Nance, of your city, passed through our town Wednesday. The "Reddy" fever is raging here. Two very severe cases are Dick Darnell and Ben Caudle.

Hoping to see in this print and with best wishes to Kentucky. ROMEO.

PRIVATE SEWER ORDINANCE.

Be it ordained by the Board of Council of the City of Hopkinsville, Ky., that the sewer ordinance passed Nov. 6, '95 by J. H. Anderson, R., C. Co. and For Dees & Bro. be and the same is hereby repeated.

Messrs. Ragdale, Cooper & Co. and For Dees & Bro. are hereby given permission to lay a line of 8 inch piping from the corner of Main and 11th streets up Main to the north edge of 9th St. To connect with the Leath Street.

The laying of said tile piping to be done under the supervision of the City Engineer and Sup't. of Street work.

It shall be the duty of the said Ragdale, Cooper & Co. and For Dees & Bro. or their lessees or tenants, to lay said tile piping so flushed with water as to not become offensive and also to see that the drainage from said business houses, shall not create or cause a nuisance after leaving or emptying out of said tile pipes, and as a protection to the city and citizens thereof the Board of Council reserves the right to revoke this ordinance. And should said tile piping be ordered removed at any time said Ragdale, Cooper & Co. and For Dees & Bro., their lessees or tenants shall remove same at the said Ragdale, Cooper & Co., For Dees & Bro., their lessees or tenants expense.

All to be done under the supervision of the City Engineer. And the said Ragdale, Cooper & Co. and For Dees & Bro., lessees or tenants shall not be permitted to use said sewer as above said whomever in the opinion of the Board of Council of said city a serious or material nuisance is being caused or created to the city or citizens thereof by reason of the use of said sewer as aforesaid.

And the publishing of this ordinance shall be paid for by the said Ragdale, Cooper & Co. and For Dees & Bro.

Approved March 5, '96.

F. W. DARNBY, Mayor.

Whitney's Views on Bimetallism.

Jackey Mier, William C. Whitney has written letter to the "Clarion Ledger" repudiating the efforts of W. S. McAllister to start a Whitney boom in Mississippi. Mr. Whitney repeats his declaration that he will not be a candidate. Concerning the free coinage of silver, he says:

"I am a believer in gold and silver as the metallic basis of value and of the world's currency, and am confident that within a time not far distant there will be a concurrence of the nations upon that subject, by which the ratio of value of the two metals for coinage and currency will be fixed and the stability of such value maintained by an international agreement. I am aware that this view is looked on as financial heresy by some and as visionary by others. But such persons must be themselves in contact with the latest developments of scientific thought upon this subject and the rapid advance this view is making where, heretofore, it had little support. Until that occurs I believe any action by the United States alone would be disastrous to us, would bring general ruin to our prosperity and would hinder the true and final solution of the problem."

The Knights of Pythias of Middleboro will give an entertainment at the opera house in that city on March 10.

TWO PAPERS FOR THE PRICE OF ONE.

A Weekly Paper as a Premium to Every New Subscriber.

On and after this date, March 3rd, every new subscriber to the semi-weekly Kentuckian for one year in advance will be given a weekly paper as a premium without additional cost. This is an offer never before made by a paper in Hopkinsville. It is a proposition not confined to one paper alone, but we give subscribers their choice of several first class city weeklies of established reputation.

The plan is simple and easily understood. Every new subscriber who pays \$2 for a year's subscription to the Kentuckian, or every old subscriber who pays up all arrearages date and for a year in advance, will be given any one of the following papers free for one year:

THE WEEKLY CINCINNATI EQUIPAGER, THE WEEKLY EVANSVILLE COURIER, THE WEEKLY WASHINGTON POST, THE WEEKLY MEMPHIS COMMERCIAL APPEAL.

These are all first class papers, covering the entire news field, and any one of them taken in connection with the Kentuckian will give the subscriber a full range of general and local information.

This proposition, it must be understood, applies only to future subscribers. We cannot of course send these premium papers to subscribers already paid up before the club lists were arranged. Nor can we send them free to any but subscribers for a whole year. It is possible that other papers may be added to this club list, but for the present the subscriber must choose one of the four papers mentioned above. We do not offer to give away any paper not in our free club list. The proposition is not for an indefinite period, but we reserve the right to withdraw it at any time.

The Kentuckian is recognized as the best newspaper published in Christian or adjoining counties. It is the largest semi-weekly in Kentucky and in character, influence and stability is second to no country paper in the State. It is now in its 18th year and is firmly established in the confidence of the public and the good opinion of its readers. It is published from its own building on Main street, the handsomest newspaper office in Western Kentucky.

It gives the news without fear or favor. Its reports of the tobacco markets are accurate and reliable, special attention being given to this department. It is well printed on good paper with clean new type and presents an attractive appearance, being a six-column quarto. Sample copies sent to any address on application. If you are not a subscriber you ought to be. Now is the time to begin. Three papers a week for two dollars a year.

Send your name at once. Orders by mail will receive prompt attention.

Home Seekers Encouraged.

In order to give everyone an opportunity to see the Western County and enable the home seekers to secure a home in time to commence work for the season of 1896, the Chicago, Milwaukee & St. Paul Ry. has arranged to run a series of four home seekers excursions to various points in the west, north-west and south-west on the following dates: March 10, April 7 and 21 and May 5, at the low rate of two dollars more than one fare for round trip. Tickets will be good for return on any Tuesday or Friday within twenty-one days from date of sale. For rates, time of trains and further details apply to any coupon ticket agent in the east or south or address G. E. Evans (General) Traveling Passenger Agent, 95 Adams Street, Chicago, Ill.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts - gentle efforts - pleasant efforts - rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a contaminated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

In the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most safely used and gives most general satisfaction.

LOUISVILLE MARKET.

(Furnished the Kentucky by Glover & Durbin, direct.)

Louisville, Ky., March 4.

Sales on our market for the week just closed amount to 8935 hbls. with receipts for the same period 2054 hbls. Sales on our market since January 1st amount to 36,694 hbls. Sales of the crop of 1895 on our market to this date amount to 36,111 hbls.

Sales this week included 963 hbls. of new dark tobacco. There is no material change to report in the market, but the better grades of leaf in round condition are in better favor with a firmer tendency. The market remains very low for lugs and common leaf, especially where the condition is bad. A great deal of tobacco is damaged by heavy pricing.

The following quotations fairly represent our market for burley tobacco, 1895 crop:

Trash lugs.....\$1.00 to \$1.50
Com. to med. lugs.....2.00 to 2.50
Dark rich lugs, extra quality.....2.00 to 3.50
Com. leaf.....2.50 to 3.50
Med. to good leaf.....3.50 to 5.00
Leaf of extra length.....5.00 to 7.00
Wrappery styles.....7.00 to 8.00

HOPKINSVILLE MARKET.

Sales of 11 hbls. by Wheeler, Mills & Co., March 4, 1896.

5 hbls. Medium Leaf, \$6.90, 6.80, 6.50, 6.40, 6.00.

1 hbl. Common Leaf, \$3.50.

5 hbls. Lugs, \$2.40, 2.00, 1.50, 1.40, 1.25.

Sales by Gaither & West, Hopkinsville, Ky., March 4, 1896, of 32 hbls. as follows:

14 hbls. of medium leaf: \$7.70, 7.10, 7.00, 6.85, 7.00, 6.75, 7.00, 7.50, 7.75, 7.80, 7.90, 6.60, 7.00.

13 hbls. of common leaf: \$4.30, 4.25, 4.10, 3.97, 4.25, 5.00, 4.40, 6.00, 4.10, 3.40, 4.00, 5.00, 5.50.

4 hbls. of com. lugs: \$1.50, 1.25, 1.00, 1.50, 2.50.

The offerings this week consisted almost entirely of the lower grades of leaf and lugs, but few hbls. of good and fine leaf appearing. There was not so much life in the market and prices were generally lower than last week.

Ragsdale, Cooper & Co., sold 52 hbls. March 5, 1896, as follows:

31 hbls. good and medium leaf: \$11.00, 11.00, 11.00, 10.50, 10.25, 10.25, 10.25, 10.50, 10.00, 9.75, 9.75, 9.50, 9.40, 9.00, 9.00, 8.80, 8.50, 8.40, 8.10, 7.25, 8.00, 7.85, 7.00, 6.70, 6.50, 7.40, 7.60, 6.10, 5.00, 6.00.

13 hbls. com. leaf: \$5.00, 4.60, 4.40, 4.20, 4.00, 4.00, 4.00, 3.50, 3.60, 5.30, 4.00, 4.25, 5.00.

8 hbls. lugs from \$3.00 to 1.00.

Market some easier on good leaf. Medium and common leaf remain about the same as previous sale. Lugs very low.

R. C. & Co.

(Reported by J. H. Egg, Genl. of Alfred Lewis & Co., Leaf Dealers.)

The market was not so strong this week on the better grades of leaf while offering was not so good as last week. Common and medium lugs were off from 4 to 3c.

Common and medium leaf was equally as high or higher than last week, especially where there is any decided color of red brown mixed packages and out of condition will always sell from 1/2 to 1/3 lower than strictly selected of the same kind in each bid. The farmers should use more care in their selections and pricing if they want the top of the market.

The rejections were near 50 per cent this week, and the cause of it was the mixed colors, and quality and condition of common and medium lugs were off from 4 to 3c.

There has been more doing in the lugs buying for the last two weeks than heretofore, and somewhat higher prices prevail for specific crops of desirable quality, which are very scarce and far between.

The condition of the weather has not been suitable for the last 10 days,

DEPENDS on where you hear them and what there is to back them up. We handle words very carefully. We know what our printed statements mean and we are ready to stand or fall by their downright truthfulness. Ours is a good stock and a nice store and we hope it will be bigger and better as the years go on. We shall do the best we can to make it so. If we make a mistake now and then be sure it is a mistake and we are ready to right it with good stationery, or with money. No customer of ours shall suffer from our error! If you do not know us, here is an excellent opportunity to begin.

DEATHS.

GRUMBLY - Mrs. Fannie Grumbly mother of Mrs. B. Frank Rogers, and aunt of Mrs. L. H. McKee, of this city, died at her home in Elton Tuesday, aged 77 years. Mrs. Grumbly had been in bad health for a long time, and a few weeks ago fell and broke a leg. The accident no doubt hastened her death.

COLORADO

West - David West, aged 3 years, died in the city of whooping cough Sunday.

Cumberland Got Out.

Brief advice from New York, not officially confirmed, as to the effect that the lines composing the Cumberland Gap Dispatch have resisted all pressure brought to bear upon them by the Joint Traffic Association, and have declined to become a party to any agreement for the maintenance of rates or the division of traffic. Most people expected that this would be the result of the conference, and it must be accepted as a victory for the shippers, who have been fighting the association. It has already been pointed out that the conference of the Cumberland Gap Dispatch are now getting more St. Louis business - nearly all high-class freight - than they ever secured before or than they could hope to secure under any other conditions than those which exist at present.

Receiver Pierce and General Freight Agent Weed, of the Clover Leaf, are in New York in conference with the Joint Traffic managers, but no word has reached this city as to the outcome of the meeting. There is hardly a possibility of the road abandoning its present attitude.

The public who were so well pleased with Mr. Frederick D. Losey on his appearance here several years ago will be given another opportunity to hear this wonderful impersonator at the Tabernacle next Tuesday evening March 10th.

Show your appreciation of a fine artist by giving him a crowded house. The Nashville Daily American says:

The night's programme was one that comprised almost every emotion and gave fine opportunity to display wonderful versatility. As one selected the other another was chosen, the audience concluded that instead of the first piece being the best, as they had supposed, the programme had been arranged in the ascending scale.

As the scenes grew in interest his wonderful power became more evident, and the thrilling climax found the entire audience in a state of the highest pitch in sympathy with the reader. At the close there was an enthusiastic applause throughout the audience.
